[Bedford County]
Nov. the 19th 1862

To Mrs. U. G. Owen

My Dearly beloved Wife

This is the first time that I have addressed you by mail in ten months, and Oh! what a pleasure it is to sit down & write to my devoted wife. Little did I think one month ago that I could write to you this soon. Oh! how sad I felt on last Saturday morning when I dropped that note from the cars. I knew that tears flowed from those soft blue eyes & that bosom swelled with sighs weeping over the departure of one so unworthy of your fond love & true devotion.

My Dear I am at Normandy Depot 12 miles from Shelbyville 30 miles from Murfreesboro. We are camped on the rail-road 8 miles below Tullahoma. Normandy is a little village depot, post office here &c.

I let Geo. P. Henry ride the little horse through by land from Lenoir's depot. I look for him tomorrow or next day. My health is improving fast. I have a fine spring near my tent, take my meals in town & live well.

I am in one days ride of home & to where you are. Can go to either place in a day, only 35 miles horseback to Mother's. I hope we will stay here some time. Geo. Henry said he would call at Mr. Kline's the day he left Lenoir & get my shoes if they are done made.

The Soldiers are all getting furloughs home now. They live in this country or at least the majority of them do.

It is a dark warm rainy day & I have but little to do, and I can spend the time very pleasantly indeed writing to my better half.

Today is Wednesday & I hope you will get [this] on Saturday & answer it on Sunday. No soldier clothes to make that day.

You must work & make the poor & naked soldiers clothes, who are suffering all the privations of life to fight that you & others may live comfortably, think of that. I hope that you did not take my parting hard as I was going to Mid Tenn where you can always hear from me & me from you.

I am very proud to know that you are comfortably situated with kind friends. Earth cannot afford more comforts than you enjoy there with a kind & motherly Aunt & dear cousins.

I hope to hear from you soon. Write often I will write often to you every five days. I will keep you posted about our moves &c.

My Love to Aunt Nancy¹ & all the rest of the family.

Your devoted & unworthy servant

U. G. Owen

REFERENCES AND NOTES, LETTER 20

1. Laura's Aunt Nancy was married to Alex Kline.

Normandy Tenn
Nov. 27th 162

My Dearly beloved Wife

I received your very welcome letter on yesterday Wednesday 26th inst. Eleven months have elapsed since I had the pleasure of reading a letter from you by mail.¹

I am still at Normandy but expect to leave tomorrow morning & go to Manchester Coffee County 12 miles from here & 11 miles from Tullahoma 20 miles from Murfreesboro. Cars run from Tullahoma to Manchester & McMinnville.

Manchester is the extreme right wing of the line of battle of our Tenn Army, Shelbyville is the extreme left wing & Murfreesboro is the center. We have now a tremendous army in here 80,000 in fighting order.² And a terrible fight expected.

The enemy are advancing out of Nashville this way. At Nolensville now. They have a large force also Cannons can be heard today in the direction of Murfreesboro.

I am busy now vaccinating the Regiment two cases of Smallpox in Tullahoma 8 miles from here & several in Knoxville.

You had better stay there with your Aunt Nancy at present. My movements are not settled yet but may stop in Manchester some time. I'll keep you posted.

I have succeeded in getting two pairs of pants, one coarse & one fine pair, and swapped off my Yankee overcoat & got a large fine grey one two capes on it. I gave 35 dollars to boot but got fine large overcoat. I am well fixed except shoes. I want you to have me a pair of boots made pay cash down for them put them in your carpetbag & lock them up. I want a pair worth 35 or 40 dollars I must have another pair of boots for this

winter I will be in the mud & snow until May next I will not need the shoes if I get the boots. I want high tops water proof heavy sole if they cost 45 dollars. Make Mr. Foster & Pepper make them.

Laura my health is very much better I feel hearty & stout now can eat enough for three men.

My horse came some days ago by Geo. Henry. G. P. Henry is now Captain Henry. He is commissary of the Regt gets 140 dollars a month. I will have to get another druggist. He sends his love to Cousin Mary Kline & family. No news at present. Wagons are being loaded to move in the morning to Manchester. (Good bye)

Write to your true Husband. U. G. Owen

Surgeon 4th Tenn Regt

My best love & wishes
to all the family

REFERENCES AND NOTES, LETTER 21

1. Mail delivery was irregular to the troops when there was fighting in the area. Often letters were delivered by friends by hand. Laura was in Williamson County in August but between August and November she had returned to Loudon to stay with her Aunt Nancy.
2.
 - (a) Horn, p. 162..
 - (b) McPherson, p. 579.
 - (c) Foote, II, p. 82.
 - (d) Grant, p. 309.

There seemed to be a consensus that Confederate and Union forces combined were near 80,000 men, with a fairly equal number of troops on each side.

Readyville Tenn.
(12 miles of Murfreesboro)
Dec. the 16th 1862

To Mrs. Dr. U. G. Owen

My beloved Wife

I received your's of Dec. 1st inst. on last night. I wrote to [you] some days ago from this place. I told you that I expected [to] move in a few days to go to Lebanon in Wilson County 20 miles from Nashville. I still expect to leave but do not know exactly when.

I do not want you to travel about now towards Alabama. The Small-pox is in that region. Soon as there is no danger you can go. I dont think that the Small-pox is in Alabama, but in the Hospitals at Tullahoma. I dont think there are any cases on the road to Alabama but there might be some danger.

I told you in my last that your Uncle Jim Buchanan's son had joined this Regiment.¹ He said that his sister was talking of going to see you.

You say that my boots will be ready. I am glad that you can get them.

I have one more request, that is for Cousin Mary.² Captain Henry is nearly barefooted, has my old boots on now & needs a pair of boots like mine & wants you & Cousin Mary to prevail on her Pa to have them made. And you must do it. He wears my number except very much higher in the instep. Soldiers are as thick as hail in all this country. Yankees will have to get further or fight before very long, & we will whip them from off our own soil. We have about 80,000 good noble fighting boys who are resolved to redeem the bright sunny land of Middle Tenn. or let their bones bleach upon the battle field in the attempt. God grant that they may succeed. Come off more than conqueror. I know that you are patriotic as I am & want Middle Tenn redeemed as bad as I do.

While I am writing this the brass is playing Annie Laurie.³ What a sweet tune, it makes me think of my Laura Ann.

I want you to be vaccinated. I will send you virus enough to vaccinate you & the family.⁴ It is fresh & good off the arm of a healthy man. I vaccinated myself & Regiment. Get some person who can vaccinate well, Dr. at London. You must attend to [it] soon, dont fail.

Write to me soon as you can

direct it to

Dr. U. G. Owen

Surgeon McMurrays 4th Tenn Regt

below Stevenson's Division you can write where I am. Tenn, Nashville Tenn or Readyville Tenn alone or whatever state I may be in. But that Regt Brigade & Division I will always be in, & if you dont know what state or county or town I am in just write my name Regt Brigade & Division & it will come but always write the State, County, town or post office if you know it.

Resptfly

U. G. Owen

REFERENCES AND NOTES, LETTER 22

1. Dr. James Buchanan married Mary Matilda Hughes who was the sister of Letitia Hughes Dobson, Laura's mother
2. Cousin Mary is the daughter of Alex Kline with whom Laura stayed when she went to Loudon. Apparently Capt. George Henry was in love with Mary Kline.
3. Listening to the band play old favorites was a pleasure for Dr. Owen.
4. Dr. Owen was able to send medicines and vaccines to his family when he wished.

December the 20th/62

To Mrs. Dr. U. G. Owen
My beloved Wife

I wrote to you some few days ago. Since that time General [C. L.] Stevenson's Division has been ordered to Mississippi to reinforce General [Sterling] Price, but our Regt will not go to Miss.¹ We have been transferred to [George] Maney's Brigade & [B. F.] Cheatham's Division. I have just got here today, left Readyville on yesterday, came through Murfreesboro today. Our Regt is on the pike 20 miles from Nashville & 10 miles from Murfreesboro near Laverne 18 miles from home. We are getting near the Yankees, our pickets have little Skirmishes every day. I have heard several cannon shots today.

Battle's old Regt is camped one mile from Murfreesboro on the Eagleville pike.

I would like to go home Christmas but you are not there & I would not enjoy the trip, if you were there I would be very certain to but as it is I will probably not go. I have no Asst Surgeon nor no other person to attend to my buisiness when I [am] absent. I expect to be in Nashville soon. I wish you were at home. I want to send brother Bob after you as soon as I can see him.

I am looking for him every day. If the Yankees leave Nashville I will send after you to come home where I can see you & you could come to see me often if I stay in Middle Tenn all Winter. Cars run to Murfreesboo now. Direct your letters to me in this way.

Lynn Adams, Artist

Shelbyville Tenn
January the 12th 1863

To Mrs. Dr. U. G. Owen My beloved Wife

This is a warm & beautiful Monday evening & I will write you a few facts from the battle field. You no doubt have heard of the great battle at Murfreesboro Dec. 31st & for several days duration. Our loss was about 8000 killed & wounded. Enemy's loss near 20,000 killed & wounded, 5062 prisoners, 42 cannons.¹ Our Reg't lost 7 killed dead on the field, 49 wounded, several of whom have died & several more will die. For three days the Surgeons were all very busy. We could not care for one-half as they were wounded so fast, 2(00) or 300 crying doctor, doctor at the same time. Some dying, others groaning &c &c. All made a horrible scene. I rode over the field & in places the ground was covered with dead. I saw 10 dead Yankees to 1 dead Southerner on the field and horses lying thick. I saw some horses all dead in pile & 100 men dead near where our men charged a battery killing every horse & nearly all the men. Surgeons were all ordered to remain away from danger with the wounded, two or three miles off. I stayed on or near [the battle field] the first day then went to the Hospital in town. We whipped them badly killing ten to one, but on the following Saturday night General Bragg ordered us to fall back to Shelbyville where we are yet & will stay for some time. Brother Bob has brought all his tobacco here & sold it. People are very much distressed in our neighborhood Yankees have been back there. I dont think they are there now though. I think of trying to go home in a few days. Buck Jordan's son Johnson was killed died on the field. Hardaman Tucker was killed. Bob moved all my medicine to Mother's. Bob White is living in our house.

Bob expects to start after you in this month. I got him to promise to go after you & carry you to Alabama or bring you home wherever you wanted to go. We will probably [be] in this country all Winter.

I have traded of[[f]] the little horse to Jim Rives. Got a fine horse & a splendid traveller worth two of little horse. John Bigger is here but went home a day or two ago. Mr. Faris' boys [are] also here, Eagleville company is in our Division. Men from our country are here every day to see their sons. I hear from home every few days, it is only 20 miles to Eagleville from here. I hope Brother Bob will go after you soon, I have an Asst. Surgeon now & have more time to visit. I hope we will meet before long some where in Ala. or at home in Tenn if the Yankees dont get back there again.

Our wounded were left with the Yankees at Murfreesboro. I have nothing more to write today. I have been so situated that I could not write but after this I will write often. My best Respects to all.

1. The War of the Rebellion: A Compilation of the Official Records of the Union and Confederate Armies (Washington. 1880-1901), Sr. 1, Vol. XX, Pt. 1, pp. 1188-217, 675.

Dr. Owen's figures were hearsay therefore not necessarily accurate.

Shelbyville Tenn
Janry 22nd 1863

To Mrs. Dr. U. G. Owen My beloved Wife

I am well & hope you are well & hearty. I have not a word of comfort to write you today all the news is bad, that I have to tell you this time. The Yankees have our country, robbed every body took all Mother's meat, every horse every mule all the corn & fodder &c &c &c. My fine young mare is gone. Mother picked up a few pieces of meat that they dropped off the wagon in the road near the house. Bob was hid upstairs & got out of the window on a pole. They slept in her beds with their dirty boots on, ruined the beds, house & every thing else, nearly broke her up entirely. Served Chesley Williams in the same way & broke up his table ware destroyed all Mrs. Williams plates, cups & saucers, knives & forks & then cut up kindling wood set fire to it & would have burned down the house but Mr. Williams told them where some of our pickets were. Mr. Williams thinks they will burn his house yet.

I see some of our neighbors nearly every day. Your Pa is confined to the house with sickness. One of the Negro boys got his skull broken very badly & is probably dead. They could not get a doctor to him. I don't know which one of them it is. The Yakees have not been that far down from Murfreesboro yet, stopped at Eagleville. They will ruin your Pa if they do. Eagleville company is in our division & some of the boy's parents are here every day or two. All the neighbors are sending off their stock & selling it. A Young man of your acquaintance was killed at the battle before Murfreesboro, Bob Wilson, old Bob Wilson's second son who lived near Dr. Scales. Dud Scales & his wife have parted, he tied her to the bed post some time ago. I don't know what for, but that is what I was told by some of the neighbors. Hardaman Tucker was killed, he and Duck Lanier were to be married soon. He was trying to hire a substitute [a] while before the fight at Murfreesboro so he could go home and marry. Duck took it very hard. He was a fine man & a true soldier. I liked him mightily myself.

I am looking for Bob every day to go after you & take you wherever you want to go. I don't want you to get in the Yankee lines any more during the war. I will spend all my wages to board you rather than see you exposed to the insults of the lowlife Yankees. They are going to rob & arrest the men and insult the ladies this trip into Mid Tenn. They were very good before but awful this time. We will probably remain here & keep them from coming any further this way. The people are very kind to us here. I get dinner every few days in the neighborhood near & very often in town. An old Lady asked me some days ago if I was married, if not she would give me her daughter, (by the way a nice young lady) I told her I had a sweet little wife up in East Tenn but had not seen her for some time. Capt. Henry got a letter with your name signed to it but I knew it was not your hand write making some inquiries about me. You said you feared that I was wounded as you could not hear from me. I told him what was in Cousin Mary's part of your letter. He said he would go after the boots. I expect he will go to Knoxville on business [sic] soon & he will call to see you & bring you with him to Larkinville or wherever you want to stop or bring you on here to Shelbyville for I know I want to see you as bad as any body else does. I am not certain that he will go but rather expect that he will. My boots must not be overlooked but must be coming. Boots cannot be got here at all anywhere or at any price. Cars run to Shelbyville.

No news at present. My best respects to all, Aunt Nancy, Cousin Sallie & May Mr. Kline & c Archy & c boot makers especially. Capt. Henry sends his best regards.

Dr. U. G. Owen, Surgeon
Col. J. A. McMurry's Regt
Gen Maney's Brigade
Gen [B. F.] Cheatham's Division
Shelbyville
Tenn

Shelbyville Tenn
Sunday Feby 1st 1863

To Mrs. Dr. U. G. Owen
My beloved Wife

I received your last letter on Friday last, and will answer it this dark rainy & lonesome Sunday. I am well & hearty, and that is about all the news. I have written to you every week & do not know the reason why you did not get the letters. I am glad to learn that mine & Capt. Henry's boots are done, he is barefooted now. Take care of them & we will try to get them to us.

I have not heard a word from home since I wrote last. I have not heard from your Pa, nor do I know which one of the Negro boys had his skull broken.

Everything is quiet here now. No indications of a fight but the Yankees are still at Murfreesboro.

Were you vaccinated the time I wrote to you about it & sent you some vaccine virus in the letter. Tell me in your next.

I think we will fall back to Bridgeport [Alabama] on Tenn. River between Stevenson [Alabama] & Chattanooga before a great while, unless we are heavily reinforced, that is if the Yankees advance. We have not a sufficient force here to contend with them. Dr. Jim Buchanan has moved to his farm in the country two miles from Larkinville [Alabama].

I do not know when Capt. Henry will go to East Tenn although he talks of going in a few weeks but not certain. I expect you need some money. I have plenty, 1,000 dollars & can't send it home. I will send you 100 or 150 dollars if you wish it, let me know, I may have some opportunity of sending it to you. I think you may well be proud of your trip to East Tenn. for by it you have escaped the vile insults of the plundering Yankees. There is a great talk now both North & South about peace. I

hope it may be made, but awfully fear it will not this year. I would like very well to spend the next Winter at home with you in peace. God Speed the time when we can return to our old home & hear no more of war.

I haven't anything more to say today. My best respects to all. Capt. Henry joins me in sending you all our kindest regards. Write to me often

I cant write anymore until I get some postage stamps. I can not get any here. So you must be certain to send me a dollars worth if you can get them, or less. Send all you can conveniently.

U. G. Owen

Shelbyville Tenn
March 5th 1863

To Mrs. Dr. U. G. Owen

My beloved Wife

I received your last some days since. I must confess that I did not write to you sooner. I have missed a week but I was sick & you must excuse me, but I am better today able to ride about. We are preparing to leave hear sending off our extra baggage, the roads are very bad. We will probably get off in 5 or 6 days. We will go to Tullahoma 20 miles from here. I have had a patient with Small-pox but he will get well in a few days. I vaccinated myself & it took well on me, it took well on me when a boy, & I was with the Small-pox a great deal while in New-York.

I have not heard a word from our neighborhood since I last wrote you. I saw a man from Franklin a few days since & he told me that he saw a pile of ploughs & other farming utensils as large as a meeting house to burn up. Yankee Generals have issued orders for farming utensils to be burned & says that the people shall not raise any crops at all. All our Superior Officers are confident of peace in a few months, but Lincoln's conscript bill dont look much like it to me but I hope I am mistaken.¹

It is one of Captain Henry's men that has the Small-pox. So he has taken all his company away from the Regt & is camping in the woods, & the patient has gone to the Hospital.

Laura it looks like I & Capt Henry will never get to go or send after our boots, but you must take good care of them for me. Boots are selling for 50 dollars here now.

Your Pa will not be allowed to plant a crop this Spring. The Yankees pretend to say that they furnish rations to all loyal citizens. I dont know what the rebel families will do. I expect they will be forced to take the oath to prevent starving. The Yankees compel the ladies as well as men to take the oath, great many have done so. I am proud to know that

you are out of their clutches, & can avoid taking their horrible oaths. I will spend all my wages to board you rather than have you in their lines. I will with the greatest pleasure & proud of the chance pay Mr. Kline a very big price to board you. You must not go in the Yankee lines any more this war. The Winter is gone & I hope it is my last one in the Army. I had a very severe chill when I was first taken sick. I think I will get well very fast.

If I ever meet with an opportunity I will send your trunk to you. I will close.

My best respects to all. Capt. Henry came in to see me today & sends his love to Cousin Mary.

Your husband U. G. Owen

P. S. Brother Jo troubles me.² I never had heard whether he had got back home or not.

REFERENCES AND NOTES, LETTER 27

1. *The World Book Encyclopedia*, (World Book, Inc., 1996), Vol. 4, p. 618.
Draft Act of 1863.
2. William Joseph Owen was Urban's youngest brother; there was a difference of fifteen years in their ages.

Mrs. Dr. U. G. Owen

My beloved Wife. I received your last letter this morning, & will answer it immediately. I will give you the news all bad. I am very sick have been confined to my tent 4 days. My lips are parched with fever, & I am reduced to a Skeleton. You never saw me look so bad. I can scarcely walk.

I am going to send a furlough today to Gen'l Bragg to get him to approve it for me to leave for 30 days until I recruit my health. And if he does not grant it I will be sent to the Officers Hospital at Rome Georgia, and if I go there I will try to get permission from the Surgeon in charge to let me stop at Calhoun [Georgia] & I will go to your Uncle Henry Dobson's,¹ but I hope Gen'l Bragg will give me a furlough then I can go where I please, if I could get away from camp where I could get something to eat I would get hearty soon, but I will die unless some change for the next few months.

Brother Bob & your Pa were here yesterday. both well & hearty. Bob came to go after you, being young & discharged from the Army it was dangerous for him to try to pass on the cars. Your Pa thought he had better not go & left for home this morning, but heard your letter read.

Your Pa brought Silvy with him & sold her to a man living [in] East Tenn for \$1600. She caught old Tim Sledge by the whiskers & nearly shook his teeth out & threatened to go to the Yankees. Tobe Sledge deserted & saw men hunting him coming in both ends of a lane & no chance to run drew his knife & cut his throat but failed to kill & is now lying at home & will probably get over it. Yankees took all my medicines took Father's clothes Mother's clothes Negroes clothes, took Sam Gus & Charles. Jack & Ahe are at Faagans truina to make a little somethina to eat. Your Uncle

Baker² hasn't a horse on his place. Y[ankee]s took everything Aunt Matilda Owen had, corn, meal, flour, pots, ovens, Skillets, Sifter, & broke her up entirely & took her son John off to prison. After taking Mother's corn cut the cribs down. They break open all the locks, search drawers, closets, bureaus, ward robes. Chesley William's wife tried to keep them out of her smoke house, they knocked her down choked her & nearly put her hip joint out of place. She is confined sick now from the effects. Old Andy Ralston's wife nocked two of them down with a cedar poll. Sister Martha³ has another baby, three weeks old & is very low now. Bob says that Mother thinks she will die. Capt. Bill Rucker was killed dead at the Skirmish below Nashville not long since his body was brought home. Mr. Pagan⁴ had his arm broken in the same Skirmish, they were both in Cavalry. Old John Jordan, Jim Allison, Old Billy Demumber, Bil Haley, Bob Haley, Bill Covington all took the oath,⁵ Yankees caught Tom Wilson with a great deal of money & two Negroes hand-cuffed. His wife begged for him but no use they carried him off & will probably shoot him. It is death for a man to sell a Negro now in there. Your Pa told everybody that he was carrying Silvy to East Tenn to his daughter Laura, his own family did not know that he brought her here to sell.

Y[ankee]s ransacked Bil Demumber's house & took Sam off. Your Pa is going to take Frank, Lewis, Mike, John, Seal to East Tenn & hire them out,⁶ he & Bill & Arch will make a little corn, potatoes & you Ma & Mary will cook & wash & take a regular poor man's life of it, how would you like to be there. The whole family are awfully troubled, they expect the house will be burned. I look for your Pa back here in a week. I told him about the trunk, I hope you will get [it]. If he brings it here before I leave I can carry it. I don't know what to think about going to East Tenn. Mr. Kline has been troubled so much with sick men that I hate the idea of going there. Your Pa says I must go off from camp. Yankees burned down Chesley Williams & Floyd storehouse last Saturday. Some other houses caught from them & burned down also.

I haven't had any more cases of Small-pox. I had one case only & that about three weeks ago. It is not spreading at all here. All the mills in the country are burned. Mother has an awful time & half the time has nothing at all to eat. Your Uncle Baker has come to Duck River to get a little meal & not a horse. Your Pa has our young mare at his house. I told you that the Y[ankee]s took her off.

I will get an answer from my furlough in ten or 12 days. Answer this as soon as you can. I intend going to the Hospital if I dont [get] the furlough, & probably I can get off from the Hospital but maybe I cant. There is an Hospital at Rome [Georgia] for Officers, at one dollar a day & rough fare at that. You will think this is a long letter for a sick man to write, but I have had to stop & lydown several times since I commenced it. What must I do if I get my furlough approved, must I come to Loudon or where. Your Pa talks of taking all his white family to East Tenn Georgia or N. Carolina. One thing is certain he will have to leave or lye in prison a year or two. Mary give Bob a letter to carry to you, so I will send it by mail. My love to all. Your husband

U. G. Owen

To Mrs. Dr. U. G. Owen.
near Loudon East Tenn

If I dont get my furlough I will go to the Hospital and if I get permission from the Surgeon to go to some house in the country I will write for you to come to me. And even if I get my furlough I expect to go to you and both of us to take a trip to Georgia, Ala or where you want to go. I would like very well to have been at the party at Mr. Klines. I would have got something good to eat & drink.
